

Tunnels and Tubes

Handout B39

Other objects I could use for this activity:

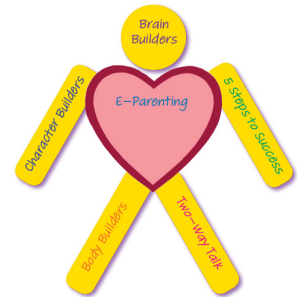

- _____
- _____
- _____

Which Daily Do I want to focus on practicing:

- _____

When will we do this activity:

- _____
- _____

Who else can do this activity with my child:

- _____

How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Find cardboard boxes and tubes from food and other products. Make the boxes into tunnels by cutting holes in each end.
3. Put the boxes on the floor and show your child how to roll a toy car or truck through one end, watch it disappear, and reappear at the other end.
4. Play the same type of game with several tubes that are taped together. Hold one end of the tube a couple of feet off the ground or prop it on a pillow or chair. Talk to your child about what they're seeing, hearing, touching, doing, and feeling. Help them use words like: **Hiding...Gone...Tunnel...Tube...**
