#### How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Have your child find a small waterproof toy and come to the sink with you. Pull a chair or something sturdy up to the sink for your child to stand on. Make sure they're safe.
3. Help them learn how to wash their hands with soap. Sing a song to help them learn to wash their hands for long enough.
4. Encourage them to wash their waterproof toy. Remember to store the chair or stool out of your child's reach when they're done.
