How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Using a box or other container, show your child how to put objects (clothes, toys, etc.) in the container one at a time.
3. As you and your child put objects into the container, ask them: **Which one do you want to pick up next?** or **Do you want to put your truck in now?**
4. If they don't drop it in right away, gently remove the object from their hand and drop it into the container for them. Remember to point out their efforts when they drop an object into the container.
