**How to do this activity:**

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Using the microphone you made, show your toddler how to use it and then encourage them to also sing with the microphone. You can play music to sing along to or you can sing songs your toddler already knows. Remember to point out your child's efforts when they're singing with the microphone by telling them what a great job they're doing or by clapping for their performance.
3. As your child grows older, you can encourage them to put on "concerts" by making a pretend stage and having an audience of family members and friends. Have fun with this activity and help your toddler use their imagination.
