- _____

Who else can do this activity with my child:

- _____
- _____

How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Find a small container with a wide opening and a lid that twists on and off. Put a small toddler safe toy inside the container and put the lid on loosely.
3. Help your child to learn how to turn the lid to remove it so they can get the object out.
4. Put the object back in the container and repeat the activity, encouraging them to practice. Remember to help them feel excited about their efforts.
