

# What's in the Sack?

## Handout B43

### Familiar objects to hide:

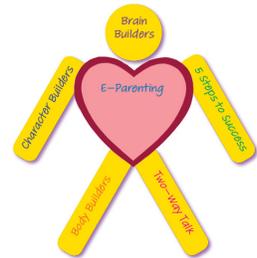

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

### Which Daily Do I want to focus on practicing:

- \_\_\_\_\_

### When will we do this activity:

- \_\_\_\_\_

### Who else can do this activity with my child:

- \_\_\_\_\_

### How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Find a fabric bag, pillowcase, large sock etc. to hide a familiar and interesting object in for your child, such as their cup or special teddy bear.
3. Show your child the bag and ask them to guess what's in the bag. Encourage them to use their problem-solving skills by touching the bag and guessing what they think is in the bag **WITHOUT** looking inside.
4. You can do this by asking them questions and giving them clues. Say something like: **What do you think is hiding in the bag? It's very soft. It feels like it has ears. Do you know what it is?** If they don't guess the item after 3 or 4 questions, let them see the object. Then play again with another object.
