How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Find a colorful piece of paper. If you think your child has a favorite color, you can look for paper that is a color they enjoy.
3. Let your toddler hold the paper as you help them look for things that are the **SAME** color as their piece of paper.
4. As they find items that match the color they're looking for, talk with them the object's texture, color, shape, etc.
5. Remember to also let your child explore the safe items that they spot with their hands and fingers.
