How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Gather the shapes you and your child made. If your toddler would like to create more shapes or pictures, help them do this using safe materials found around your home.
3. As you and your child make art, talk with them about what they're hearing, seeing, touching, doing, and feeling.
4. Once your toddler is done creating, encourage them to use their imagination to help you make up a story about their shapes and pictures.
