How to do this activity:

1. Use **Ready for Play and Learning** to see if your child is ready to play and learn. Remember to use **5 Steps to Success** as you help your toddler explore their natural curiosity during the activity.
2. Ask your child to hold your hand as you play pretend with them and go on different adventures.
3. Encourage your toddler to find pretend play props from around your home and bring them along on their adventures. Remember to help them practice a different body movement each time they go on a new adventure such as running, hopping, walking backward, etc.
4. As you interact with your toddler, say something like: **Let's pretend we're going to the moon. Would you like to put on your hat and act like it's your space helmet? Hold my hand. Let's jump to the moon.**
