How to do this activity:

1. Watch for cues and signals to see if your child is ready to play and learn. Remember to help your child explore their natural curiosity during the activity.
2. Sing a song to your child. Make your voice and face expressive. Use corresponding movements with your hands, arms and face. Feel free to be creative and even create your own songs and words. Sing something like:

I have two little hands that go clap, clap, clap  
 I have two little feet that go tap, tap, tap  
 I have two little lips that go kiss, kiss, kiss  
 I have two little eyes that go blink, blink, blink  
 I have one little mouth that says I love you, I love you

3. Make lots of eye contact with your child.
