

Shaping Your Child's Future

Building Our Growing Great Families Parent Handbook

What my child or I liked best about this activity:

Some ways I could support my child to keep the play going:

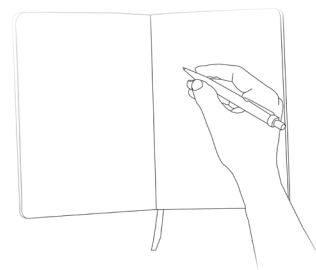

*Some ways I used **The 4 Me's™** as we did this activity:*

How to Do This Activity:

1. You can complete this activity without any supplies or by using materials you have on hand. Remember to follow your child's interests and watch for their cues as you have fun together!
2. Invite your child to help you decorate your **Growing Great Families Parent Handbook** using the materials and supplies you have on hand.

As you share this activity with your child, you **MIGHT**:

- » Add prenatal information and ultrasound pictures of your growing baby,
- » Enjoy how your infant engages in conversation with you through their sounds and movements as you share about your family with them,
- » Invite your toddler to point out family members in photos or scribble artwork to add to your binder, or
- » Encourage your child to draw a picture of your family, help you decorate the binder with markers, stickers, or family photos, or look for inspirational quotes or pictures to write or attach to your binder.

3. When you've finished decorating your Parent Handbook, insert your Supply Safety Plan, handouts, and any other items you want to keep in it. Then, decide on a safe place to store your Parent Handbook where it can be easily accessed during visits.
